

Safety Data Sheet

Heska ® ALLERCEPT® Immunotherapy Treatment Set

1 Identification of the substance / product and of the company	
Product Information	
Product code	905301, 905302, 905303, 905304, 905305
Product name	Heska ® ALLERCEPT® Immunotherapy Treatment Set (Allergenic Extract, Aqueous); ALLERCEPT® Therapy Shots
Intended use	ALLERCEPT® Therapy Shots are a treatment for pets with allergies where allergens to which the patient is allergic are subcutaneously administered.
Manufacturer Information	
Manufacturer information	For Heska Corporation. 3760 Rocky Mountain Ave. Loveland, CO 80538 Tel: 1-800-464-3752
Emergency call	Tel: 1-800-464-3752

2 Hazards identification			
Emergency overview	Clear to slightly opalescent. Colorless to brown or black depending on allergenic source material. Phenol odor, aqueous solution.		
Product Hazard Classification	US OSHA: Non-hazardous.	WHMIS: Non-hazardous	Regulation (EC) No 1272/2008: Non-hazardous
Regulatory status	While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product. This product does not contain any known carcinogens or potential carcinogens as listed by OSHA or the NTP. This product is not dangerous under Regulation (EC) No 1272/2008 (CLP Regulation).		
Potential health effects	Immunotherapy treatment sets are considered non-hazardous per 21 CFR 1910.1200. Since workers differ in sensitivity to allergenic materials, may cause allergic reaction. See Sections 4 and 11 for more information.		
Potential environmental effects	See Section 12 for more information.		

3 Component/Composition			
Components	Components	Concentration	CAS No.
	Phenol.....	0.4%.....	108-95-2

4 First-aid measures	
Skin contact	Rinse immediately with plenty of water. Treat local allergic reactions with antihistamine and topical corticosteroid. Systemic reactions may require

	intramuscular or subcutaneous epinephrine injection.
Eye contact	Rinse immediately with plenty of water and seek medical advice.
Ingestion	See package insert for management of reactions.
Inhalation	See package insert for management of reactions.

5 Fire-fighting measures	
Flammable properties	Not flammable or explosive.
Extinguishing media	CO ₂ , extinguishing powder or water spray.
Hazardous combustion products	Not applicable.
Protection of firefighters	Not applicable.

6 Accidental release measures	
Personal precautions	Since workers differ in sensitivity to animal derived materials, Heska Corp. recommends that Good Laboratory Practices be exercised when using these products, including the use of gloves, eye protection, and a lab coat.
Environmental precautions	None established.
Methods for cleaning up and containment	Avoid contact with skin, eyes, any open wound or mucous membrane. Clean up with absorbent material and dispose in accordance with Local, State, and Federal regulations.
Other information	US Regulations (CERCLA) requires reporting spills and releases to soil, water and air in excess of reportable quantities. The toll-free phone number for the US Coast Guard National Response Center is 1-800-424-8802.

7 Handling and storage	
Handling	No special precautions are necessary if used correctly.
Storage	Store at 2-8°C. Keep container closed.

8 Exposure controls / personal protection	
Exposure limits	5 ppm (19 mg/m ³) TWA Skin
Engineering controls	Use in well ventilated area.
Personal exposure equipment	Standard laboratory latex or rubber gloves recommended.

9 Physical and Chemical Properties	
Appearance	Clear to slightly opalescent. Colorless to brown or black depending on allergenic source material.
Odor	Phenol
pH (25±1 °C)	Not applicable.
Melting point	Not applicable.
Boiling point	Not applicable.
Flash point	Not applicable.
Explosive properties	Not explosive.
Oxidizing properties	Not applicable.
Autoignition temperature	Not applicable.
Vapor pressure	No information available.
Relative density	Not applicable.
Specific gravity	1.0 g/mL.

(20 °C)	
Solubility in water	Soluble
Solubility in solvents	No information available.
Partition coefficient	Not applicable.
Viscosity	No information available.
Vapor density	Not applicable.
Evaporation rate	Not applicable.
Corrosivity to metal	Not corrosive.

10 Stability and reactivity	
Chemical stability	Stable under normal temperatures and pressures.
Conditions to avoid	Potency deteriorates with age. Should not be used after expiration date. Degradation products not studied.
Incompatible materials	No information available.
Hazardous decomposition products	When stored as labeled, no known hazardous decomposition products are formed during the shelf-life of this product.
Possibility of hazardous reactions	No information available.

11 Toxicological information	
Toxicokinetics, metabolism and distribution	No experimental data for this product available.
Acute toxicity	No experimental data for this product available.
Corrosivity/irritation	No corrosive/irritant effect.
Sensitization	No experimental data for this product available.
Repeated-dose toxicity	No experimental data for this product available.
Carcinogenicity/Mutagenicity/Reproductive toxicity	No experimental data for this product available.

12 Ecological information	
Ecotoxicity	No information available.
Mobility	No information available.
Persistence/degradability	No information available.
Bioaccumulation potential	No information available.
Results of PBT assessment	No information available.
Other adverse effects	No information available.

13 Disposal considerations	
Product	Dispose of waste product, unused product in accordance with Local, State, and Federal regulations.
Packing	Dispose of waste product, unused product in accordance with local, State, and Federal regulations.

14 Transport information	
Transport / further information	This substance is not dangerous under current provisions of the Code of International Carriage of Dangerous Goods by Road (ADR) and by Rail (RID), of the International Maritime Dangerous Goods Code (IMDG), and of the International Air Transport Association (IATA) regulations.

15 Regulations

US Federal Regulations	<p>TSCA: This product is not subject to TSCA.</p> <p>SARA Title III: The components of this product are not subject to the reporting requirements of Section 302, 304 and 313 of SARA Title III.</p> <p>US CERCLA REPORTABLE QUANTITY(RQ): None</p> <p>US SARA THRESHOLD PLANNING QUALITY: There is no specific Threshold Planning Quantity for the components of this product. The default Federal SDS submission and inventory requirement filling threshold of 10,000 lbs(4,540kg) therefore applies per 40 CFR 370.20.</p> <p>OTHER US FEDERAL REGULATIONS: Not applicable.</p> <p>CALIFORNIA SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT (PROPOSITION 65): This product and its components are not on the Proposition 65 lists.</p>
Canada	<p>CANADIAN DSL/NDSL INVENTORY STATUS: The components of this product are not on the DSL or NDSL Inventories.</p> <p>CANNADIAN WHMIS CLASSIFICATION and SYMBOLS: This product has a WHMIS no classification.</p>
GHS	Non-hazardous.

16 Other information	
Revisions: 2.0	<p>Judgments as to the suitability of information herein for purchaser's purposes are necessarily purchaser's responsibility. Therefore, although reasonable care has been taken in the preparation of such information, Heska Corporation extends no warranties, makes no representations and assumes no responsibility as to accuracy or suitability of such information for application to purchaser's intended purposes or for consequences of its use.</p>
